

PUNEETH SAI MALYAVANTHAM

Computer Science Student | AI & ML | Full-Stack Development

Email: puneethsai1905@gmail.com

LinkedIn: linkedin.com/in/puneeth-sai-malyavantham

GitHub: github.com/puneethsai33

Location: Hyderabad, India

SUMMARY

Motivated and passionate Computer Science student with strong interest in Artificial Intelligence, Machine Learning, and full-stack development. Skilled in designing efficient systems, solving complex problems, and transforming ideas into working applications. Enthusiastic about learning new technologies, participating in hackathons, and continuously building real-world projects that deliver value. I enjoy problem-solving, teamwork, and exploring innovative approaches to improve system performance and user experience.

SKILLS

Programming: Java, Python, C

Core Skills: Data Structures & Algorithms, MySQL, Database Management

AI / ML: Artificial Intelligence, Machine Learning, Data Processing

Web Development: HTML, CSS, JavaScript

PROJECTS

- Finance Assistant – AI chatbot for financial queries.
- Intern Portal – Platform connecting students and industry.
- Blood Management System – Donor/recipient matching system.
- ClickNGo – Java + MySQL movie ticket booking.
- Hospital Management System – Appointment booking system.

EDUCATION

B.Tech – Computer Science & Engineering

CMR Institute of Technology, Hyderabad (2023–2027)

CGPA: 9.2

ACHIEVEMENTS

- Completed internship with AWS Amazon under AIML program.
- Developed multiple applications with backend/database integration.
- Designed systems improving efficiency and user experience.
- Active participant in coding and problem-solving challenges.

INTERESTS

- AI-driven systems & automation
- Backend architectures
- Continuous learning and collaboration
